ABOUT ME

I am a motivated and results-driven Front-End Developer with hands-on experience in building responsive, user-friendly web applications. I have a strong foundation in HTML, CSS, JavaScript, and React, and I am passionate about creating clean user interfaces, solving problems, and continuously learning modern web technologies. My commitment to writing clean, maintainable code, along with my attention to detail and dedication to growth, has been key to my success in the fast-paced world of software development.

EDUCATION

BACHELOR OF ELECTRONICS AND TELECOMMUNICATION TECHNOLOGY
University Of Zimbabwe
2018-2022

CERTIFICATIONS

Introduction to cybersecurity
Cisco Network Academy - 2022

Network Security
Cisco Network Academy - 2022

TECHNICAL SKILLS

- HTML5, CSS3, JavaScript, Reactjs
- RESTful APIs, Axios
- Git, GitHub, Firebase, Chrome DevTools
- Responsive design, Testing

SKILLS

- Problem-solving
- Strong work ethic
- Attentive to detail
- Ability to work collaboratively in a diverse environment

WORK EXPERIENCE

UMBA CREATE   2023-2025
Junior Software Developer

- Collaborated with the development team to design, develop, and sustain robust software applications.
- Debugged and resolved UI/UX issues across multiple browsers and devices.
- Developed responsive and user-friendly web interfaces using HTML5, CSS3, JavaScript, and React.
- Used Git for version control and managed branches for clean development workflows.

STANDARD GLOBAL COMMUNICATIONS   2021-2022
Telecommunications Technician

- Installed telecommunication lines, switchboards, and terminated fiber optic cables, enabling reliable network connectivity.
- Configured and supported Voice over IP (VoIP) systems, ensuring seamless voice communication across networked devices.
- Implemented and managed LAN-WAN connections, optimizing network performance and connectivity for users.
- Conducted network troubleshooting for connectivity issues, resolving problems and minimizing system downtime.
